## FELLOWSHIP HOLIDAY NEWS

### JUNE ISSUE

We have been busy over the last few months taking bookings for the holiday to Andalucia in October. The hotel has now run out of rooms for us so we are not able to take any further bookings. We have been to the hotel and viewed the area, it was quite an experience at a time when Real Madrid were playing Liverpool in a football final. The Spanish are football fans so there was an impressive roar from every cafe, bar and restaurant every time Madrid scored a goal!

The resort has a long sandy beach and miles and miles of traffic free paved beach side paths, it's flat and level ideal for taking a stroll.

We shall be visiting Cordoba, Granada and the Alhambra Palace and Gibraltar plus of course the famous Feria de la Rosario carnival. Members will be flying from many areas of the UK.

We are aware many members are disappointed at not being able to book this holiday. With our partners the JG Travel Group we shall be offering a greater range of holidays with special discounts for members

Single rooms are always in great demand, we have a waiting list for them in case of cancellations on the Andalucia holiday. In the future we shall try our best to better accommodate these needs. Perhaps there will be a holiday or two with no dreaded extra charge for single rooms!

Here is a selection of some of the holidays which will be on offer.
