FELLOWSHIP HOLIDAY NEWS

JULY ISSUE

Croatia

Lots of members from all over the UK have booked a place on this fantastic holiday. Members will be met as they arrive at Dubrovnik airport and taken directly by private transfer to the hotel which will only take around 20 minutes. Members will be staying in the Remisens Hotel Epidaurus which is right next to the crystal clear waters of Cavtat bay.

Cavtat (pronounced Savtat) is a small town located on a series of small bays looking out to Dubrovnik and the many islands that lie in the area. The hotel has been fully refurbished this year. Cavtat is well known for it's glorious sunsets. It's a small resort with some lovely level water side walks which your Della guides will be showing group members during the holiday.

We have chartered a boat to take the group to Dubrovnik. It will be for our exclusive use. This is, without doubt the best way to visit the old part of this fascinating city. There will be an excursion to Cilipi Folklore Festival.

There will an excursion to Mostar in Bosnia to see the iconic bridge.

There will be an excursion to Kotor in Montenegro via the spectacular fjords of the Inland sea.

There will also be walks, talks a film show and a murder and mystery evening as well as a last night party.

The hotel are now accepting bookings from us for accommodation in it's sister hotel which is next door to the Hotel Epidaurus so some places are still available at this hotel.

Cavtat is known as one of the most picturesque coastal areas in Croatia. Clear waters, beautiful beaches and secluded coves are surrounded by lush green vegetation. with a backdrop of impressive mountains. The town of Cavtat is delightful, pretty, very old and full of character. This area is very accessible, mainly flat and level with a well paved, car free walkway running along the coast linking town, harbour beaches and coves. It is however close to Dubrovnik with a short transfer time from Dubrovnik airport. The hotel selected for this holiday is right next to the beach and a short, level waterside stroll from the old town of Cavtat. The hotel has a reputation for the high quality food and service provided. We have negotiated a very good price for a half board package at this hotel.
